INTERESTS

Social-economic subjects, global politics and climate/nature issues have my sincere attention. Besides that, I am a sports enthusiast, with a focus on football, crossfit and kickboxing. I coached and managed a youth football team for several years. I am a big fan of music, slightly preferring music from the past, like blues and 80's and 90's pop-rock. Above all, I am deeply fascinated by foreign/exotic cultures and traveling.
